

Katie Luckini is an insurance agent with the Davis Insurance Group in Morgantown, WV. She is licensed in WV, OH and MD. The Davis Insurance Group is a family-owned independent agency with 73 years of experience with personal insurance, business insurance, title and license work, life insurance, bonds, and more. Katie specializes in commercial and agribusiness insurance.

“Worker’s Compensation and Covid 19: What you need to know” discussed the basics of worker’s comp insurance, and what we can expect as the industry negotiates the new pandemic landscape, looking at examples from other occupational illnesses and emerging local regulations. Which employees, if any, will be able to claim WC if they are exposed at work? How can employers protect themselves and their staff?

Katie has an MA in Continental Philosophy from the University of Warwick and a commercial driver’s license, she is a Community Volunteer Leader for the local Red Cross, President of the WV Agri-Women, and a proud member of the Three Rivers Business Alliance. Please reach out if you have any questions about your business insurance, complying with WVU’s insurance requirements, or Worker’s Comp in particular.
