

# Supplier Registration & Supplier Diversity Reporting Portal

## GENERAL INFORMATION:

If you are interested in being considered for sourcing opportunities, please visit our [Supplier Registration & Supplier Diversity Reporting Portal](#). Registration in the portal does not mean that your company is an approved supplier. This database allows our business stakeholders and primes to find your company's business information and capabilities statement for future sourcing opportunities.

- Visit <https://amwater.diversitycompliance.com/>

- On bottom, click "**Apply for Registration**"

-Select [Lookup Account](#) and choose 1 or more of the search parameters listed.

- Search by Business Name or DBA
- Search by Tax Identification Number
- Search by Contact Person
- Search by Contact Information
- Search by Location

-Once your account is found, complete the **Supplier Registration** form.

-If not found, click [Create Account](#) under New Registration

## ABOUT THE DATABASE:

- Registration in the portal does not mean that your company is an approved supplier.
- This database allows our business stakeholders to search for diverse suppliers for **Prime/Tier 1** sourcing opportunities.
- The database also allows our current primes to find diverse suppliers for **Sub/Supplier/Tier 2** sourcing opportunities to support American Water projects.

The certified business will provide their (1) business information (2) certifications, (3) utility industry experience and (4) upload their capabilities to complete the registration. If the certified business requires technical assistance while completing the application, they can use the [online support form](#) found in the portal.
